ABOUT ME

Empathy, curiosity and resilience drive my life. When developing and designing new tools, I always do it with the user in mind. I thrive with challenges because I am always looking for new learning experiences (also because I have a hard time saying "No, that can't be done")

WORK EXPERIENCE

Project Development Manager
Lenovo | May 2019 - June 2023

- Management of complex projects from start to finish
- Collaboration with teams WW, traveling to China and Malaysia
- Translating management requirements into polished, high-level designs
